Today's Thought: District Governor Michael Driebe sent the following message following the assassination attempt on former President Trump yesterday:

"In light of recent distressing events, I want to take a moment to reaffirm District 5300's unwavering commitment to promoting peace and understanding within our communities. Our mission is to foster environments where dialogue, respect, and mutual support can thrive.

It is in challenging times like these that our collective efforts to build a world where differences are celebrated and everyone feels safe and valued become even more crucial. Let us renew our dedication to working together for a brighter, more peaceful future.

Yours in Rotary Service,

*Michael Driebe

SERVICE ABOVE SELF

THE OBJECT OF ROTARY

The Object of Rotary is to encourage and foster the ideal of service as a basis of worthy enterprise and, in particular, to encourage and foster:

First The development of acquaintance as an opportunity for service;

Second High ethical standards in business and professions, the recognition of the worthiness of all useful occupations, and the dignifying of each Rotarian's occupation as an opportunity to serve society;

Third The application of the ideal of service in each Rotarian's personal, business, and community life;

Fourth The advancement of international understanding, goodwill, and peace through a world fellowship of business and professional persons united in the ideal of service.

THE FOUR-WAY TEST

Of the things we think, say, or do:

1. Is it the **truth**?
2. Is it **fair** to all concerned?
3. Will it build **goodwill** and **better friendships**?
4. Will it be **beneficial** to all concerned?

ROTARIAN CODE OF CONDUCT

The following code of conduct has been adopted for the use of Rotarians:

As a Rotarian, I will

1. Act with integrity and high ethical standards in my personal and professional life
2. Deal fairly with others and treat them and their occupations with respect
3. Use my professional skills through Rotary to: mentor young people, help those with special needs, and improve people's quality of life in my community and in the world
4. Avoid behavior that reflects adversely on Rotary or other Rotarians
5. Help maintain a harassment-free environment in Rotary meetings, events, and activities, report any suspected harassment, and help ensure non-retaliation to those individuals that report harassment.

VISITING ROTARIANS

Sam Williams joined us today as a guest of **Joe Wittenwiler**. **Sam** and **Joe** met at the International Convention in Singapore and as we saw in **Joe's presentation** last week, they hung out during the convention and later on their side trip to Thailand. **Sam** is a 13-year Rotarian and is the immediate past president of the [Rotary Club of Marathon, Florida](#), where he works as a realtor. Turns out **Joe's** sister is the elementary school teacher of **Sam's** daughter and is friends with **Sam's** wife Kelly (also a Rotarian). Apparently, **Kelly** told **Joe's** sister that she and **Sam** were going to Singapore and **Joe's** sister, said "Hey, my brother is going there too"! And the rest is history. **Sam** is in town for real estate conferences which happen about twice a year, so, **Sam**, we hope to see you're here again, ok? **Sam** brought along one of his club's banners which he" exchanged" with **Pres. Bruce**. (Someday, we will have our banners restocked!) Welcome, **Sam**!

INDUCTION CEREMONY – RALUCA PETRE

Raluca Petre was inducted into the club today. **Jack Woodcock** presented her background to the club and welcomed her as the newest member of the Rotary Club of Rotary Southwest. She was presented with the obligatory bottle of wine and other accoutrement and allowed to take a few minutes at the podium without fear of fine! Welcome, **Raluca!!**

Here is a copy of **Jack's** presentation:

Raluca Petre
702-524-7396
Ralucaoliviaaahoo.com

Raluca hails from Romania. She came here in 2014 with her husband Bogdan who is also Romanian as well as their son Luca who is now 14 years old. They have been married 18 years.

In Romania she was a planning and pricing manager for Toyota Romania. Bogdan had a natural farm where they raised animals with organic procedures much like free range ranching. It started when they wanted to raise their son in a healthy way. In deciding where to come to America, they chose Las Vegas because of the weather. They have friends here and, we live in a horizontal world. By that reference, she is claustrophobic and avoids elevators whenever possible.

They both had to reinvent themselves when they came to America. She started work as an administrative assistant for a real estate agent. Bogdan started as a food server at night and went to HVAC school during the day. They made their schedules work around caring for their son.

Bogdan received his certification and started working in the heating, ventilation and cooling business immediately. They started their own HVAC business called Wave Heating and Cooling in 2019.

Raluca obtained her real estate license in 2017 and they bought their first home the same year. She had to wait until the home closed to get her real estate license in order to qualify for the loan. She feels this is a good example of how you must follow the rules much like "fake it until you make it".

Her real estate license is currently at Realty One, however, her focus is growing their HVAC business. She very seldom has a real estate transaction. The HVAC business is mainly from referrals; however, the home warranty program opens a lot of doors for them. Because of their good service, this increases their referrals. Their goal is to be referral only. It is a very difficult

business because the sheer amount of advertising by the large companies such as Gattel, One Home, and Yes! air conditioning. They cannot take any time off in the summer. In fact, their son is currently in Romania by himself with their family because of their work schedule in this industry. Their approach to building their business has been focused on quality work and their reputation.

Since they don't have the advertising budget, they treat every customer in a very personal way much like they want to be treated, "a very novel concept". They focus on repair not install. If the unit needs to be replaced, they can certainly do that; however, their choice is to repair. This one fact sets them apart from the competition. The goal of most HVAC companies is to replace A/C units instead of repairing. In the field, their biggest challenge is companies that do shoddy work or are doing work on the side not as their primary business. This can be compared to other professions when there is a lot of people getting licensed because that business seems attractive until they find it takes a lot of real work to be good at it. Bogdan and their company have worked hard and received the NATE certification. (North American Technician Excellence certification), something they are very proud of because it is based on knowledge of the industry. Only 2% of the technicians in the US have this certification.

Raluca's journey to become a member of our club has been a little bumpy. Her first visit was the first week in January when she visited with her sister who is Rotarian in Romania. A few days afterwards, she fell and broke her elbow. It was an extensive injury with a long recovery. She now has enough range of motion to become self-sufficient.

She has already participated in some of our fund-raising events and looks forward to getting very involved in our activities and making new acquaintances.

Let's welcome Raluca to the Las Vegas Southwest Rotary club, in our opinion, the best club in all of rotary!

For those that would like to reach out to Raluca for hvac repair and service, they can be reached at www.waveheatingandcooling.com or (702) 881-4713 or, preferably, at her cell phone which is 702-524-7396.

ANNOUNCEMENTS

Pres. Bruce then made the following announcements:

1. Our speaker next week (who is a paleontologist) is from the Natural History Museum which we have supported in the past (Ed Jamison, one of our former members and a past president used to sit on their board of directors.) **Pres. Bruce** also said that the board at its meeting just prior to the luncheon meeting had approved a donation to help defray costs of attendance and transportation for at-risk elementary school students.
2. His Presidential survey was mailed out a couple of weeks ago. Please complete it as soon as possible and send it back to him or to **Melissa Brooks**.
3. He is planning to have 4 Greenspokes meetings this year. Stay tuned for details. The first will be in September at **Francesca Gilbert's** and the second will be in October at **Bruce Pope's**.
4. The budget for the 2024-2025 Rotary year was approved by the board in its meeting this morning. There will be a slight increase in dues.

Paul Gustilo announced that:

1. **Pres. Joe's** debunking has been scheduled for July 25th. The location will be at [Distill on Rainbow](#) where we had the Gold Raffle. Invitations have been sent so please RSVP ASAP.
5. Our next Feed the Homeless will be on 7/31/24 at Amazing Grace Ministries at [Christ Church Episcopal](#) on [Maryland Parkway](#). For the history of our involvement with FTH at AGM at CCE on MP, click [here](#). It will begin at 3:45 p.m. and should be done by 5:30.
6. Our Interact Club adviser will be attending our meeting on 7/22 and will be saying a few words.

Fred Fukumoto announced that we have funds for Paul Harris Fellowships so if you have a worthy candidate (non-club member) in mind, please let him or **Troy Lochhead** know as soon as possible.

Troy Lochhead (in absentia) received the following note of appreciation from our 2020 Scholarship winner:

“Dear Southwest Las Vegas Rotary Scholarship Committee,

I am writing to express my deepest gratitude for the generous scholarship support I received during my undergraduate career with the Southwest Las Vegas Rotary Scholarship in 2020. On May 17th, 2024, I graduated from the University of Nevada, Reno, with a Bachelor's of Science in Biomedical Engineering, Bachelors of Science in Electrical Engineering, and a minor in Mathematics.

Your support significantly lightened my financial burden, allowing me to focus on my studies and pursue my academic and career goals. Throughout my time at the University of Nevada-Reno, I have grown both personally and professionally, thanks to the opportunities and experiences that you have made possible.

For my senior project, my group created a smart bandage that monitored the environment of a wound and alerted the user to any irregularities that might indicate infection. Experiences like these have enriched my education and prepared me for my future career. I am actively seeking opportunities to apply my knowledge, skills, and experiences in a professional role and look forward to making a meaningful contribution.

Your generosity has helped me reach my educational goals and inspired me to give back to my community. I hope to one day be able to help other students just like you have helped me.

Thank you once again for your support and belief in my potential. I am honored and humbled to be a recipient of your scholarship and will always remember the difference you have made.

Sincerely,

*Oluwatosin Diyan
University of Nevada-Reno, Class of 2024
Bachelor of Science in Biomedical Engineering,
Bachelor of Science in Electrical Engineering,
Minor in Mathematics”*

RECOGNITIONS

Jack Woodcock was asked about his recent trip. **Jack** said that when he married **Kathy** he married into the **Parraguirre** family who own a ranch in Bridgeport, Ca that they have had since the 1800's. They were celebrating the 65th birthday of **Kathy's** brother, Supreme Court Justice **Ron D. Parraguirre**. **Kathy** and **Ron** are fourth-generation Nevadans and **Ron** is a second-generation judge. Their family emigrated from the Basque country to western Nevada in the 1870's to ranch the country south of Carson City.

Eric Colvin was asked about **Fred Fukumoto's** trip to Meadows Bank (**Eric's** employer) to make a deposit. **Fred** mentioned to the employees there that he was a friend of "**Eric Colvin**", to which they responded, "We don't know who that is!" **Eric** assured **Pres. Bruce** that he actually works there and has for the past 14 years. **Pres. Bruce** said that he was reassured when he received an email that lauded Meadows Bank as the #1 SBA lender (apparently in the universe...my notes are a bit hazy on the matter) and which was signed by one **Senior Vice President Eric Colvin**. For that he received no fine, but he did get a \$100 recognition for his reported redundant requests to the newsletter editor for information that is readily available on the club's website. (For someone who joined the club in March of 2000 and was President in 2006-2007 you would think he would know that, right?? 😊)

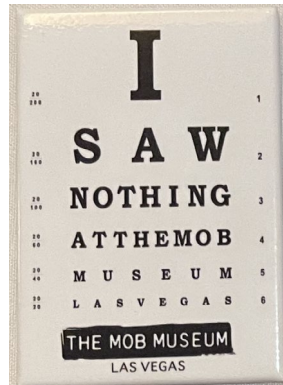

NAME THAT MEMBER

A new contest is being introduced by **Pres. Bruce**.

1. Which Southwest Rotary member made a ski trip to a glacier in New Zealand? **Aric Graham** correctly identified **Dr. Scott Baraoff**.
 2. Which Southwest Rotary member was married twice to the same spouse? **Rebecca Collett** correctly identified **Joe Wittenwiler**. **Joe** explained that he and **Taryn** were originally married in a private ceremony (with no guests) at the Shark Reef at the Mandalay Bay. Then on a trip to Bora Bora 13 years later (a trip they were supposed to take 10 years later, but for a zillion reasons had to delay for 3 years), **Taryn** surprised him with an elaborate vow renewal ceremony complete with a special drink she had the waiter make for **Joe** which featured a ring on the straw in the drink. The ceremony was held on the beach at sunset to which she was transported by special canoe. Again, no guests. Maybe we should have another ceremony at **Joe's** debunking on July 25th just so there are some witnesses!!
 3. Which Southwest Rotary member had the worst travel experience on "9/11". **Eric Colvin** correctly identified **Rebecca Collett** who on that day was returning from El Paso, Texas where she had just buried her grandmother (actually about 29 miles southwest and involving a border crossing). The military folks detained her in the airport because her Apache heritage looks apparently made them think she was "middle eastern". She said she still has TSA problems and recently even made it through with no problems only to find later when she opened her "checked-in" suitcase, a placard that said that TSA had gone through her luggage.
-

GIFTS FOR THE PRESIDENT (Pres. Bruce suggests a picture or a postcard or some small memento from members' travels.)

Lori Clarke said she and her husband celebrated their recent anniversary by not going anywhere out of town but did visit the Mob Museum where she picked up a small memento:

JOKE OF THE DAY

Tom Martin told about an American couple that got lost while driving through Canada. They stopped at a gas station and the man went inside and asked the attendant, "Can you tell me where we are?" The attendant says, "Saskatoon, Saskatchewan." The man nods and goes back to the car. "Did he tell you where we are?" his wife asks. "No," says the husband. "He doesn't speak English."

DRAWING

Keith Thomas was our winner today.

BLAST FROM THE PAST

Whose "[debunking](#)" featured the "debunkee" stomping grapes a la Lucy and Ethel in I Love Lucy? Don't click the link until you have made your guess!

UPCOMING SPEAKERS AND EVENTS

FULL 2024-2025 CALENDAR ATTACHED BELOW.

PROGRAM

Today's program was presented by **Ronen Rahaman**, a business coach at Invictus Consulting. He works with business owners and professionals to shift their mindset, develop their leadership skills and implement street smart strategies that accelerate results, and eliminate overwhelm so the business owner can have a life by design.

Prior to coaching, he co-owned and operated a successful construction subcontracting business with over 400 employees and 20 million in annual revenue. He's also worked with national and regional homebuilders to develop internal structures that facilitated increased efficiency, communication, and collaboration.

He presented an idea-packed presentation with many useful tips and suggestions to improve productivity personally and professionally.

Click the [link](#) to see some of his referrals.

A copy of his presentation is attached.

Thanks so much, **Ronen!**

Another quality presentation to our Southwest Rotarians.

Rotary - Email from the District Governor

Driebe Michael D Jul 14 to me ▾

Rotary
District 5300

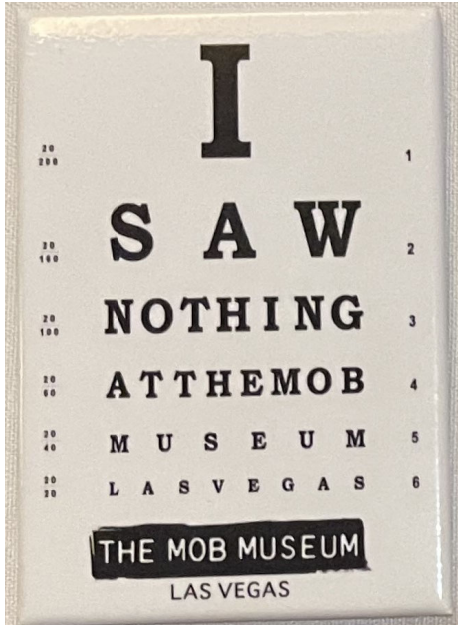

Good afternoon, Keith,

In light of recent distressing events, I want to take a moment to reaffirm District 5300's unwavering commitment to promoting peace and understanding within our communities. Our mission is to foster environments where dialogue, respect, and mutual support can thrive.

It is in challenging times like these that our collective efforts to build a world where differences are celebrated and everyone feels safe and valued become even more crucial. Let us renew our dedication to working together for a brighter, more peaceful future.

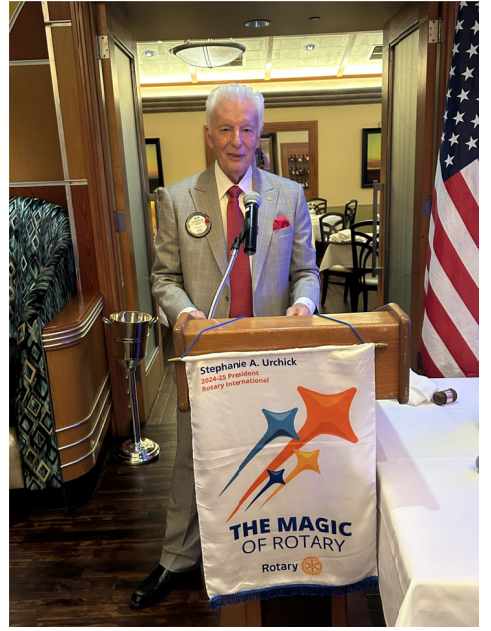

Yours in Rotary Service,
Mike

AI Powered by Humans: From Prompts to Productivity

INVICTUS
CONSULTING

Authorized Partner
EVERYTHING **DiSC**
A Wiley Brand

What today is about:

- **3 Foundational Elements For Productivity**
 - **3 Productivity Practices**
- **How Artificial Intelligence can impact your day**

What Today is **NOT** about:

- Making you an expert in AI
- Telling you which apps to use

What is Individual Productivity

- Doing What Matters Most
- Focusing on High Value Activities
- Completing Projects That Grow You
- It's more than being busy

Why Your Productivity Matters

- It becomes your habit and a part of your team culture
- Keeps You and/or the Team focused
- Gives everyone a common language

3 Foundational Elements For Productivity

- Integrity – Be Impeccable with your Word
- Have a Trusted System for Action
- Accountability

Integrity

Keep your word and when you can't, honor your word.

Remember: Every promise you make is a promise to yourself

Trusted System for Action

**A process you follow inside of a
structure that tracks, organizes, and
manages all your actions**

Accountability

An Accountabilibuddy is someone who will call you on your 🐮💩 and keep you focused on what YOU said you are committed to.

3 Practices to Implement today!!

- The Role of Friction in your life
- The Capture Tool
- The 2 Magic Words

Practice #1 - Friction

- Why Friction Matters
- High Friction – What we don't want
- Low Friction – What we do want

Practice #2 – The Capture Tool

The Capture Tool is the ONE place where you “capture” all the promises you make, actions you say you will take, and actions that you are forced to deal with.

It does not matter what it physically is. Could be a note pad, or a paper planner, or your smartphone.

The Capture Tool - Why it works

It takes your brain a tremendous amount of energy to keep thoughts going.

- Have you ever noticed that you have to keep thinking of that thing you need to do just to not forget?
- Do you ever find yourself forgetting thing you need to do?
- Does anything really exist if it's a thought in your head?

The Capture Tool - How it works

1. You have one and only one Capture Tool
2. Your Capture Tool is ready-at-hand at all times
3. You immediately enter anything for you to do or handle
4. Every day, before the end of the day, you move **everything** from your Capture Tool into your Trusted System.

Practice #3 – Use the Magic Words

By When

Fun, Easy, and Super Useful Tools

- [InstaPaper](#)
- [GoblinTools](#)
- [Perplexity.ai](#)
- [Stable Diffusion](#)

Stable Diffusion

Notion AI

Notion is a productivity and organizational tool that can be used to take notes, create to-do lists, manage tasks, and more. It allows users to organize information in a flexible and customizable way.
